Part - A

Section Id :	56167460
Section Number :	1
Section type :	Online
Mandatory or Optional :	Mandatory
Number of Questions :	20
Number of Questions to be attempted :	20
Section Marks :	20
Enable Mark as Answered Mark for Review and Clear Response :	Yes
Maximum Instruction Time :	0
Sub-Section Number :	1
Sub-Section Id :	56167460

Question Shuffling Allowed :

Yes

Is Section Default? :

null

Question Number : 1 Question Id : 5616742501 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None
Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

Which of the following types of information is more dependent on the verbal content of communication?

Options :

- Factual and Abstract
- Attitudes
- Judgment of Emotions
- Sarcasm

Question Number : 2 Question Id : 5616742502 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None
Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

An expression of 'ca' for 'I want a car' by a child between 12 to 18 months of age is an example of

Options :

- Jargon
- Neologism
- Holophrase
- Protoword

Question Number : 3 Question Id : 5616742503 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None
Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

According to Halliday (1975), the communicative function used to find out information and to inquire is described as _____.

Options :

- Instrumental Communication
- Heuristic Communication
- Personal Communication
- Regulatory Communication

Question Number : 4 Question Id : 5616742504 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None
Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

The resonance frequencies of the vocal tract are called _____

Options :

- Harmonics
- Overtones
- Fundamental Frequency
- Formants

Question Number : 5 Question Id : 5616742505 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None
Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

A healthy new born should have an APGAR score of _____ at one minute after birth

Options :

1. ✘ 5-6

2. ✘ Less than 4

3. ✔ 7-9

4. ✘ Less than 2

Question Number : 6 Question Id : 5616742506 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

Which of these muscles of inspiration is unpaired?

Options :

1. ✘ External Intercostals

2. ✘ Internal Intercostals

3. ✔ Diaphragm

4. ✘ Subclavius

Question Number : 7 Question Id : 5616742507 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

The proportion of breadth to length of the skull is measured as _____

Options :

1. ✘ Cranial Contour

2. ✘ Facial angle

3. ✔ Cephalic Index

4. ✘ Skull vault

Question Number : 8 Question Id : 5616742508 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

Which of these cranial nerves exit the cranium via jugular foramen?

Options :

1. ✔ CN IX

2. ✘ CN XII

3. ✘ CN V

4. ✘ CN VII

Question Number : 9 Question Id : 5616742509 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

The volume of air remaining in the body after a passive exhalation is _____

Options :

1. ✘ Total Lung capacity

2. ✘ Vital capacity

3. ✔ Functional Residual capacity

4. ✘ Tidal volume

Question Number : 10 Question Id : 5616742510 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

The tracts that connect homologous areas in the two cerebral hemispheres are called as _____

Options :

1. ✘ Projection Tracts

2. ✓ Commissural Tracts
3. ✗ Association Tracts
4. ✗ Longitudinal Tracts

Question Number : 11 Question Id : 5616742511 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

The tests that focus on group similarity is _____

Options :

1. ✗ Domain referenced
2. ✗ Criterion referenced
3. ✓ Norm referenced
4. ✗ Objectives referenced

Question Number : 12 Question Id : 5616742512 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

Clinician designed measures that provide multiple opportunities for a client to demonstrate a given communicative behaviour are called _____

Options :

1. ✓ Baselines
2. ✗ Tests
3. ✗ Targets
4. ✗ Goals

Question Number : 13 Question Id : 5616742513 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

A behaviour occasionally recognised during counselling in which individuals/caregivers distract themselves from their own guilt or anxiety by performing helpful deeds for others is called _____.

Options :

1. ✗ Denial
2. ✗ Displacement
3. ✗ Intellectualisation
4. ✓ Altruism

Question Number : 14 Question Id : 5616742514 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

A method where the Speech Language Pathologists follows the clients lead but teaches along the way is referred to as _____

Options :

1. ✓ Incidental Teaching
2. ✗ Shaping
3. ✗ Prompting
4. ✗ Modelling

Question Number : 15 Question Id : 5616742515 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

Improvement, effects, outcomes, generalised consequences, maintained consequences are results of _____.

Options :

1. ✘ Assessment
2. ✘ Prognosis
3. ✘ Diagnosis
4. ✔ Treatment

Question Number : 16 Question Id : 5616742516 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None
Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

Which among the following explains the degree to which the data reflect a true cause-effect relation?

Options :

1. ✔ Internal Validity
2. ✘ External Validity
3. ✘ Ecological Validity
4. ✘ Predictive Validity

Question Number : 17 Question Id : 5616742517 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None
Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

What are the limitations of within-subjects counterbalanced design?

Options :

1. ✘ Order effect only
2. ✘ Ceiling and floor effects only
Order effect, carry over effect and ceiling and floor effects
3. ✔ effects
4. ✘ Carry-over effect

Question Number : 18 Question Id : 5616742518 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None
Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

Which among the following design has only active variables in the study?

Options :

1. ✘ Separate Sample Pretest-Posttest Design
2. ✘ Randomized Blocks Design
3. ✔ Completely Randomized Factorial Design
4. ✘ Non-equivalent Control Group Design

Question Number : 19 Question Id : 5616742519 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None
Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

The degree of kurtosis of a distribution is measured relative to the peakedness of a _____

Options :

1. ✘ Negatively Skewed Curve
2. ✔ Normal Curve
3. ✘ Leptokurtic Curve
4. ✘ Positively Skewed Curve

Question Number : 20 Question Id : 5616742520 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None

Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

The abscissa of the highest point of the frequency curve is _____

Options :

1. ✘ Standard deviation
2. ✘ Third quartile
3. ✔ Mode
4. ✘ Range

Question Number : 21 Question Id : 5616742521 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None

Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

The noun *care* can become the adjectives *careful* or *careless* by the addition of bound morphemes such as *-ful* or *-less*. These bound morphemes are called as _____.

Options :

1. ✘ Inflectional morphemes
2. ✔ Derivational morphemes
3. ✘ Explicator morphemes
4. ✘ Idiomorphs

Question Number : 22 Question Id : 5616742522 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None

Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

A phonological process in which one or more features of a sound are modified due to the influence of a following sound (so called because the direction of the influence is 'backward' to a preceding segment) is called _____.

Options :

1. ✘ Progressive Assimilation
2. ✔ Regressive Assimilation

3. ✘ Recursive Dissimilation
4. ✘ Generative Dissimilation

Question Number : 23 Question Id : 5616742523 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

The energy gap between valence band and conduction band in semiconductor material is nearly _____

Options :

1. ✘ 15eV
2. ✔ 1eV
3. ✘ 5eV
4. ✘ 20eV

Question Number : 24 Question Id : 5616742524 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

What logic function is produced by adding an inverter to each input and output of an AND gate?

Options :

1. ✘ NAND
2. ✘ XOR
3. ✘ NOR
4. ✔ OR

Question Number : 25 Question Id : 5616742525 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

There are _____ Thematic Apperception Test cards including the blank card

Options :

1. ✔ 31
2. ✘ 21
3. ✘ 11
4. ✘ 10

Question Number : 26 Question Id : 5616742526 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

In operant conditioning, a reinforcement schedule that reinforces a response only after a specified number of responses is _____

Options :

1. ✘ Fixed-interval Schedule
2. ✔ Fixed-ratio Schedule
3. ✘ Variable-ratio Schedule

Variable-interval Schedule

4. ✖

Question Number : 27 Question Id : 5616742527 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None
Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

Bleeding from the blood vessels beneath the dura mater produces a _____

Options :

- ✖ Extradural Haematoma
- ✔ Subdural Haematoma
- ✖ Haematoma
- ✖ Sub Arachnoid Haematoma

Question Number : 28 Question Id : 5616742528 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None
Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

The most common type of malignant tumour is _____

Options :

- ✖ Neurofibromatosis
- ✔ Glioma
- ✖ Meningioma
- ✖ Secondary Neoplasms

Question Number : 29 Question Id : 5616742529 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None
Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

Laryngocoele is an air filled dilatation of saccules and cystic mass lateral to the _____ membrane

Options :

- ✔ Thyrohyoid
- ✖ Cricothyroid
- ✖ Cricotracheal
- ✖ Cricosternal

Question Number : 30 Question Id : 5616742530 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None
Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

Laryngotracheal trauma, if not diagnosed early and treated properly, can lead to _____

Options :

- ✔ Stenosis
- ✖ Web
- ✖ Scleroma
- ✖ Laryngocoele

part - C

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

An unexpected raised speaking fundamental frequency as vocal fold tension increases with increased hyper function is a _____ feature of a voice disorder

Options :

1. ✓ Secondary
2. ✗ Primary
3. ✗ Chief
4. ✗ Major

Question Number : 32 Question Id : 5616742532 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

The ribs are relatively perpendicular to the spine and do not contribute to thoracic movement until baby is able to assume _____ posture

Options :

1. ✗ Supine
2. ✓ Upright
3. ✗ Horizontal
4. ✗ Prone

Question Number : 33 Question Id : 5616742533 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

When the laryngeal examination is inconclusive, _____ can assist the diagnosis of mass lesions conditions.

Options :

1. ✗ Laser Surgery
2. ✗ Thyroplasty
3. ✗ Phono-Micro Surgery
4. ✓ Trial Voice Therapy

Question Number : 34 Question Id : 5616742534 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

Excessive tension of the intrinsic and extrinsic laryngeal muscles affects phonation adversely and relaxing these muscles using dexterity allows better laryngeal position and posture is the rationale for _____

Options :

1. ✗ Chant Talk
2. ✓ Manual Voice Therapy
3. ✗ Chewing Voice Therapy technique
4. ✗ Push Pull Technique

Question Number : 35 Question Id : 5616742535 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

A holistic method that relies on changing abdominal support for voice, incorporating paced rhythmic movements into new motor speech breathing patterns thereby refocusing voice production from larynx to abdomen promoting free open flow of air through the vocal tract is _____

Options :

1. ✘ Respiratory Control
2. ✘ Relaxation
3. ✘ Yawn-Sigh
4. ✔ Accent Method

Question Number : 36 Question Id : 5616742536 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

The most useful donor nerve in laryngeal paralysis is _____

Options :

1. ✔ Ansa Cervicalis
2. ✘ Auxiliary Nerve
3. ✘ Sciatic Nerve
4. ✘ Brachial Plexus

Question Number : 37 Question Id : 5616742537 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

Due to minimal tactile and proprioceptive sensations during phonation most patients rely on _____ for feedback in voice therapy

Options :

1. ✘ Vision
2. ✘ Kinesthetic
3. ✔ Audition
4. ✘ Gustatory

Question Number : 38 Question Id : 5616742538 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

A class of drugs usually prescribed to reduce performance anxiety but actually inhibits rather than improve a professional voice user's ability to monitor voice use on stage is _____

Options :

1. ✘ Diuretics
2. ✔ Beta blockers
3. ✘ Analgesics
4. ✘ Inhalers

Question Number : 39 Question Id : 5616742539 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

Humming, light vocalizations following strenuous voice use that allow for rapid dissipation of built-up lactic acid are part _____ activities

Options :

1. ✘ Habituation
2. ✘ Imitation

3. ✘ Warm-up

4. ✔ Cool-down

Question Number : 40 Question Id : 5616742540 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None
Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

Mazing is a disorder of spoken language characterized by _____ interruptions that make the speaker's message difficult to understand

Options :

1. ✔ False starts, revisions & hesitations

2. ✘ Repetition, prolongation & blocks

3. ✘ Blocks, hesitations & repetition

4. ✘ False starts, prolongation & hesitations

Question Number : 41 Question Id : 5616742541 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None
Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

Stuttering to a degree which is not acceptable to one self for at least a period of one week is defined as _____

Options :

1. ✘ Recovery

2. ✘ Regression

3. ✔ Relapse

4. ✘ Reduction

Question Number : 42 Question Id : 5616742542 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None
Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

Cluttering is a fluency disorder characterized by a rate that is perceived to be abnormally _____ for the speaker

Options :

1. ✘ Slow, Irregular or Both

2. ✘ Slow

3. ✔ Rapid, Irregular or Both

4. ✘ Rapid

Question Number : 43 Question Id : 5616742543 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

A Communication attitude test intended for preschool and kindergarten children who stutter is _____

Options :

1. ✘ CAT
2. ✔ Kiddy CAT
3. ✘ CWS
4. ✘ Kiddy CWS

Question Number : 44 Question Id : 5616742544 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

Which of the following influential factor leads to greater likelihood of stuttering?

Options :

1. ✔ Age of onset of stuttering
2. ✘ Culture
3. ✘ Socio-economic status
4. ✘ Imitation of stuttering

Question Number : 45 Question Id : 5616742545 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

Delayed Auditory feedback involves a technology that returns the speech signal to the ears of a speaker with a predetermined delay setting in a range of _____

Options :

1. ✘ 0 – 100 ms
2. ✘ 0 – 50 ms
3. ✔ 50 – 250 ms
4. ✘ 100 – 300 ms

Question Number : 46 Question Id : 5616742546 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

The process of fading treatment while continuing to support the child and family so that fluency achieved in treatment does not diminish is termed as _____

Options :

1. ✘ Follow up
2. ✔ Maintenance
3. ✘ Counselling
4. ✘ Modelling

Question Number : 47 Question Id : 5616742547 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

The tendency for speakers to stutter on the same words when reading a passage several times is referred as _____

Options :

1. ✘ Adaptation
2. ✔ Consistency
3. ✘ Anticipation
4. ✘ Perception

Question Number : 48 Question Id : 5616742548 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

A moment of stuttering that is an inappropriate stoppage of the flow of air or voice and often the movement of articulators as well is termed as _____

Options :

1. ✔ Block
2. ✘ Repetition
3. ✘ Prolongation
4. ✘ Revision

Question Number : 49 Question Id : 5616742549 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

What is the type of vibration of vocal cords during the production of Approximants?

Options :

1. ✘ Periodic
2. ✔ Quasiperiodic
3. ✘ Aperiodic
4. ✘ Non-periodic

Question Number : 50 Question Id : 5616742550 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

Identify the equation to calculate percentage of consonants correct?

Options :

1. ✔
$$\frac{\text{Total number of correct consonants}}{\text{total number of intended consonants}} \times 100$$

2. ✘
$$\frac{\text{Total number of incorrect consonants}}{\text{total number of intended consonants}} \times 100$$

$$\frac{\text{Total number of speech errors}}{\text{total number of intended consonants}} \times 100$$

3. ✘

$$\frac{\text{Total number of distorted consonants}}{\text{total number of intended consonants}} \times 100$$

4. ✘

Question Number : 51 Question Id : 5616742551 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 1 Wrong Marks : 0.25

Question Label : Multiple Choice Question

Based on Non-linear phonology, how many root nodes are present for a CVC.CV word?

Options :

1. ✔ 5
2. ✘ 2
3. ✘ 3
4. ✘ 1.5

Question Number : 52 Question Id : 5616742552 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0
